Veterans and Military Families for Progress endorses Fred Kundra in Ohio's 1st Congressional District.

Washington, DC:

Veterans and Military Families for Progress ([www.vmf.org](http://www.vmf.org)) enthusiastically and proudly endorses Mr. Fred Kundra for election in the upcoming election for the 1st Congressional District of Ohio. Founded in 2005, VMFP is dedicated to ensuring that the rights and needs of veterans, active-duty service members (including national guard and reservists), and their families are understood by the American public, endorsed by our elected officials, and protected by legislation, regulation, and public policy initiatives.

Fred Kundra is a strong supporter of our nation's veterans and active armed forces who has clearly demonstrated a determination to work on behalf of our nation's veterans by supporting legislation that would benefit all veterans in securing employment opportunities. Mr. Kundra's strong commitment to the issues that are critical to veterans, those serving now, and their families is unsurpassed. His public support for priority funding of the Veterans Administration and his declared determination to provide for the establishment of a national veterans and military family policy give all veterans and their families especially those who are living in Ohio's 1st Congressional district hope that they will finally have a Congressman who will vote in such a way as to keep faith with those who have served and sacrificed.

Mr. Kundra, the son of a Korean War Veteran is a retired Air Force Lieutenant Colonel who flew missions in Gulf War I. He comes from a family with a proud tradition of military service and so has a deep personal understanding and commitment to the men, women and families of those who have sacrificed for our nation. Through the knowledge and experience that Fred has acquired while serving 28 years in the Air Force, he has become strongly motivated to passing legislation to create jobs for veterans, improve the lives of countless disabled vets, and ensure that our military men and women get the benefits they've earned. Mr. Kundra is committed to supporting legislation for improving the treatment of veterans with traumatic brain injuries and PTS, and his deep understanding of the need for providing and guaranteeing full health coverage for National Guard and Reserve personnel, demonstrate that he is a candidate who has the character and courage and personal family experience to do what is right for those in service to our country. We feel that veterans, active duty, military families, and in fact, all people of Ohio's 1st Congressional District will be well-served with Fred Kundra as their representative thus ensuring that America remains strong in national defense and in fighting terrorism.
